## TESTIMONIALS

After Marillac Place, I went on to be a single mother who put herself through college and became a successful PSW. I am thankful to Marillac Place for believing in me from day one. I am the teen mom who shattered the statistic, and I am the single mother who beat all the odds!

The best thing about Marillac Place is the 24/7 support. We always have staff and other moms here to help.

Marillac Place helped prepare me for when my baby arrived and helped me secure housing closer to my family. I would encourage anyone thinking about coming to Marillac Place to give it a try. You just need to focus on yourself, what's best for your baby and take the support from staff.
